

April 2025

Grade 2A

It was a pleasure meeting with many of you in March. Thank-you for taking the time to discuss your child's successes! I hope you all had a relaxing Spring Break. As April promises to be a busy month of learning in our classroom, please continue to remember our class in your prayers.

LA and Math in April

Language Arts: This month we will be learning about folktales and legends. Please continue to read with your child. The students know that the only way to become a better reader is to read, read, read!

Math: Students will be working on geometry this month. Please continue to review the basic addition and subtraction facts at home. A solid understanding and quick recall of addition and subtraction facts to 18 would greatly benefit your child.

April showers bring May flowers...

Our playground area can get quite wet and muddy in the spring. Please encourage your child to dress for the weather and outdoor conditions. Please send an extra set of clothing just in case its needed. Thank-you for your help!

We wish you a great month. If you have any questions or concerns, please let us know!

In His service,

Mrs. M. Thornton and Mrs. Dawe
